## State of Maryland Information Technology Assets Small Cell Resource Sharing Standard Pricing Schedule effective August 26, 2019

Additional Antenna Attachment Application Fee \$100.0  When the initial application includes 6 or more antenna  Up Front Application Fee for installation of Company new pole \$1,000.0  For installation of one pole and any # of Antennas or Attachments on that one new pole  *** Rates include only fiber or copper specifically needed to support the project. Additional fiber charged at the State fiber rate  Recurring Fees (Annual)  Annual Rate (\$/ # Anntenna/Year) \$270.0  Each Antenna or Attachment  *** Rates include only fiber or copper specifically needed to support the project  *** Rates include only fiber or copper specifically needed to support the project. Additional fiber charged at the State fiber rate	Non Recurring Fees (one time)	
Additional Antenna Attachment Application Fee \$100.0  When the initial application includes 6 or more antenna  Up Front Application Fee for installation of Company new pole \$1,000.0  For installation of one pole and any # of Antennas or Attachments on that one new pole  *** Rates include only fiber or copper specifically needed to support the project  *** Rates include only 150 feet of fiber laterals necessary to support the project. Additional fiber charged at the State fiber rate  Recurring Fees (Annual)  Annual Rate (\$/# Anntenna/Year) \$270.0  Each Antenna or Attachment  *** Rates include only fiber or copper specifically needed to support the project  *** Rates include only 150 feet of fiber laterals necessary to support the project. Additional fiber charged at the State fiber rate  Rent Escalation Rate Non  Base RSA Term 5 to 10 Year	Up Front Application Fee for use on a single pole or strand line owned by the State or Others	\$500.00
When the initial application includes 6 or more antenna  Up Front Application Fee for installation of Company new pole \$1,000.0  For installation of one pole and any # of Antennas or Attachments on that one new pole  *** Rates include only fiber or copper specifically needed to support the project  *** Rates include only 150 feet of fiber laterals necessary to support the project. Additional fiber charged at the State fiber rate  Recurring Fees (Annual)  Annual Rate (\$/# Anntenna/Year) \$270.0  Each Antenna or Attachment  *** Rates include only fiber or copper specifically needed to support the project  *** Rates include only 150 feet of fiber laterals necessary to support the project. Additional fiber charged at the State fiber rate  Rent Escalation Rate Non  Base RSA Term 5 to 10 Year	ncludes first five Antenna Attachments on a single pole or strand line owned by the State or Others	
When the initial application includes 6 or more antenna  Up Front Application Fee for installation of Company new pole \$1,000.0  For installation of one pole and any # of Antennas or Attachments on that one new pole  *** Rates include only fiber or copper specifically needed to support the project  *** Rates include only 150 feet of fiber laterals necessary to support the project. Additional fiber charged at the State fiber rate  Recurring Fees (Annual)  Annual Rate (\$/# Anntenna/Year) \$270.0  Each Antenna or Attachment  *** Rates include only fiber or copper specifically needed to support the project  *** Rates include only 150 feet of fiber laterals necessary to support the project. Additional fiber charged at the State fiber rate  Rent Escalation Rate Non  Base RSA Term 5 to 10 Year	A LPC and Automor Attack and Application For	£400.00
Up Front Application Fee for installation of Company new pole \$1,000.0  For installation of one pole and any # of Antennas or Attachments on that one new pole  **Rates include only fiber or copper specifically needed to support the project  **Rates include only 150 feet of fiber laterals necessary to support the project. Additional fiber charged at the State fiber rate  Recurring Fees (Annual)  Annual Rate (\$/# Anntenna/Year) \$270.0  Each Antenna or Attachment  **Rates include only fiber or copper specifically needed to support the project  **Rates include only 150 feet of fiber laterals necessary to support the project. Additional fiber charged at the State fiber rate  Rent Escalation Rate Non  Base RSA Term 5 to 10 Year		\$100.00
For installation of one pole and any # of Antennas or Attachments on that one new pole  *** Rates include only fiber or copper specifically needed to support the project  *** Rates include only 150 feet of fiber laterals necessary to support the project. Additional fiber charged at the State fiber rate  Recurring Fees (Annual)  Annual Rate (\$/# Anntenna/Year) \$270.0  Each Antenna or Attachment  *** Rates include only fiber or copper specifically needed to support the project  *** Rates include only 150 feet of fiber laterals necessary to support the project. Additional fiber charged at the State fiber rate  Rent Escalation Rate Non  Base RSA Term 5 to 10 Year	When the initial application includes 6 or more antenna	
For installation of one pole and any # of Antennas or Attachments on that one new pole  *** Rates include only fiber or copper specifically needed to support the project  *** Rates include only 150 feet of fiber laterals necessary to support the project. Additional fiber charged at the State fiber rate  Recurring Fees (Annual)  Annual Rate (\$/# Anntenna/Year) \$270.0  Each Antenna or Attachment  *** Rates include only fiber or copper specifically needed to support the project  *** Rates include only 150 feet of fiber laterals necessary to support the project. Additional fiber charged at the State fiber rate  Rent Escalation Rate Non  Base RSA Term 5 to 10 Year		<b>\$4.000.00</b>
** Rates include only 150 feet of fiber laterals necessary to support the project. Additional fiber charged at the State fiber rate  Recurring Fees (Annual)  Annual Rate (\$/ # Anntenna/Year) \$270.0  Each Antenna or Attachment  *** Rates include only fiber or copper specifcally needed to support the project  *** Rates include only fiber or copper specifcally needed to support the project  *** Rates include only 150 feet of fiber laterals necessary to support the project. Additional fiber charged at the State fiber rate  Rent Escalation Rate  Non  Base RSA Term  5 to 10 Year		\$1,000.00
** Rates include only 150 feet of fiber laterals necessary to support the project. Additional fiber charged at the State fiber rate  Recurring Fees (Annual)  Annual Rate (\$/ # Anntenna/Year) \$270.0  Each Antenna or Attachment  ** Rates include only fiber or copper specifcally needed to support the project  ** Rates include only 150 feet of fiber laterals necessary to support the project. Additional fiber charged at the State fiber rate  Rent Escalation Rate  Non  Base RSA Term  5 to 10 Year	For installation of one pole and any # of Antennas or Attachments on that one new pole	
State fiber rate  Recurring Fees (Annual)  Annual Rate (\$/ # Anntenna/Year) \$270.0  Each Antenna or Attachment  *** Rates include only fiber or copper specifcally needed to support the project  ** Rates include only 150 feet of fiber laterals necessary to support the project. Additional fiber charged at the State fiber rate  Rent Escalation Rate  Non  Base RSA Term  5 to 10 Year	** Rates include only fiber or copper specifcally needed to support the project	
Annual Rate (\$/ # Anntenna/Year) \$270.0  Each Antenna or Attachment  ** Rates include only fiber or copper specifcally needed to support the project  ** Rates include only 150 feet of fiber laterals necessary to support the project. Additional fiber charged at the State fiber rate  Rent Escalation Rate  Non  Base RSA Term  5 to 10 Year		ed at the
** Rates include only fiber or copper specifcally needed to support the project  ** Rates include only 150 feet of fiber laterals necessary to support the project. Additional fiber charged at the State fiber rate  Rent Escalation Rate  Non  Base RSA Term  5 to 10 Year	Recurring Fees (Annual)	
** Rates include only fiber or copper specifcally needed to support the project  ** Rates include only 150 feet of fiber laterals necessary to support the project. Additional fiber charged at the State fiber rate  Rent Escalation Rate  Non  Base RSA Term  5 to 10 Year	Annual Pate (\$/ # Anntenna/Vear)	\$270.00
** Rates include only 150 feet of fiber laterals necessary to support the project. Additional fiber charged at the State fiber rate  Rent Escalation Rate  Base RSA Term  5 to 10 Year		Ψ210.00
** Rates include only 150 feet of fiber laterals necessary to support the project. Additional fiber charged at the State fiber rate  Rent Escalation Rate  Non  Base RSA Term  5 to 10 Year		
** Rates include only 150 feet of fiber laterals necessary to support the project. Additional fiber charged at the State fiber rate  Rent Escalation Rate  Non  Base RSA Term  5 to 10 Year		
Rent Escalation Rate Non  Base RSA Term 5 to 10 Year	** Rates include only fiber or copper specifcally needed to support the project	
Base RSA Term 5 to 10 Year		ed at the
Base RSA Term 5 to 10 Year		
	Rent Escalation Rate	None
